

The Liberia Innovative Fund for Entrepreneurs (LIFE)

Initiative

“LIFE” is a private sector investment fund established by the Government of Liberia and focused on developing and promoting innovations in the Liberian private sector by providing access to finance for ambitious businesses with strong acumen to create jobs for Liberian youths and those that foster innovation and development of key sectors of the Liberian economy. “LIFE” potential beneficiaries will be entrepreneurs with great innovative skills and potential to increase market share, both locally and internationally, and who are in need of financing interventions. The Fund is lodged at the Liberia Bank for Development and Investment (LBDI). The Fund will, among other things, address the challenge of high interest rate on small business loans.
