Ministry of Commerce and Industry

The Commerce Today Monthly Critical Commodities Bulletin is a product of the Ministry of Commerce and Industry developed to inform the public on key commodities inventory and pricing on a monthly basis. The data reported is gathered based on assessment of import documents which include commercial invoice, assessment notice, single administrative document, clean report of findings, and targeted market sample surveys.

The below analyzed prices are contingent on inflation, exchange rate, import duties, shipping costs, insurance, licensing and registration fees and other administrative overheads which may also be due to the exchanged rate.
