Circular

November 5, 2012

**NEW PRICE CEILING FOR PETROLEUM PRODUCTS ON THE LIBERIAN MARKET EFFECTIVE DATE:  
 05 November, 2012**

The Ministry of Commerce and Industry, in close consultation with the management of the Liberian Petroleum Refinery Company, LPRC, would like to make a slight change in the pump price of gasoline with immediate effect while the retail pump price of fuel oil and kerosene remain the same.

**Gasoline (PMS) is decreased by US\$0.10 at the pump based on the changes in the global price trend.**

Therefore, the wholesale and retail ceiling prices are:

	<u>PMS</u>	<u>AGO</u>	<u>KERSENE/JET A-1</u>
Wholesale	US\$4.25	US\$4.43	US\$4.50
Retail	US\$4.43/LD\$ 325.00	US\$4.61/LD\$340.00	US\$4.68/LD\$340.00

The new price structures of petroleum products will be closely monitored by the Ministry of Commerce and Industry Inspectorate Division to avoid any arbitrary price hike on the market.
